and Chattanooga, and will wrest the Police power of Memphis from the bloody Rebel hands of the present Police of Memphis and their abettors.

The seventh page of today's TRIBUNE will be found to consist wholly of reading matter, the perusal of which we recommend to our readers.

The House yesterday adopted, 73 to 35, a resolution directing the Reconstruction Committee to inquire into the expediency of levying contributions on the Rebel States to defray the extraordinary expenses that would otherwise be imposed on the Government.

The Tax bill was resumed yesterday in the House. We note four different attempts to strike out or reduce the taxes on specified articles or branches of industry, and every member seems to have some pet subject in charge which in his opinion ought not to contribute to the support of the Government. If every such motion were to be adopted we should have no taxes at all, but the House is pretty consistent in voting down these motions for exemption.

The House, not seeming to have entire confidence in the investigations of Messrs. Steadman and Fullerton, has passed a resolution to appoint a Joint Committee to inquire into the operations of the Freedmen's Bureau. The President is said to have ordered the arrest and trial of all officers in North Carolina interested in the working of plantations on their own account. As Gen. Howard has stated that plantations were so worked by his order, why should not the President begin by arresting him?

A bill passed by the House authorizes the President to add to the present officers of his household to employ.

A Private Secretary at a salary of \$4,000. Assistant Secretary, 3,000. Steward, 2,000. Four Clerks, \$1,800 each, 7,200. Total, \$16,200.

Mr. Spaulding moved to add a stenographer at \$2,500. This, however, was withdrawn, and the bill went through, 80 to 23.

Ought not the people of our City who prefer a quiet, temperate Sunday, to hold a public meeting to sustain and approve the Health Commissioners and Police in their enforcement of the new Excise Law? The very air is blue with the square, outright falsehoods of the rebel grog-shop journals, which proclaim that the law shall be broken down at our Fall Election. They assert that only Republicans are licensed; when, up to this hour, we find entire confidence that nineteen of every twenty whose names have passed the Board are Democrats. It is plain that the Board are Democrats. It is plain that the Board are Democrats. It is plain that the Board are Democrats.

The North Carolina case was again before U. S. Commissioner Newcomb yesterday, and he holds him on account of a civil process. After discussion by counsel the Commissioner said the return of the U. S. Marshal was insufficient, and he directed the Marshal to file forthwith the warrant before committed to him.

Down on Long Island they have a very cheerful way of adjusting things. A locomotive set wood lots on fire, and then somebody in the interest of the real estate owners takes up a sledge hammer, and then proceeds to being more and more of the damage by sending dozens of innocent people to a ghastly and terrible death. No lives were, however, lost, in the case referred to.

The New-York Academy of Music took fire early this morning, and up to the hour of going to press with our report the fire was still burning, and the conflagration would prove one of the most disastrous that ever visited this city.

The receipts of the Excise Board for licenses granted were, up to 5 o'clock p. m. yesterday, \$19,750. There have been presented to them 5,281 licenses, of which 3,900 are already granted.

By the tornado at Rochester on Sunday there was very great damage done. A church was struck by lightning, and vegetation was severely dealt with all through a territory of four miles square.

John Sherry and John Vernon were brought before the Court yesterday on a charge of being charged with the murder of William Pigott. The trial is still occupying the attention of the Court.

A mad dog was shot by the police at the corner of Broadway and Second Street, Sunday morning, after a long chase, and the dog was killed.

Mary Ann Bastine came into this world in 1748, and left it last Tuesday. She was a native of New-York, and was, unquestionably, "the oldest inhabitant," her experience covering a term of 118 years.

The Hon. Mr. Halpin, of Kansas gave an address yesterday at the University of the State of New-York, on the subject of "The Education of the People."

A movement is on foot in Hoboken to close all the liquor places on Sunday, for the purpose of preserving the peace and reputation of the city.

The Committee of the Board of Aldermen yesterday had another hearing on the question of removing the stoops in Nassau Street. The hearing is adjourned to May 31.

A man was murdered at a picnic in Rossville Park, Newark, N. J., yesterday, by being struck on the head with a mallet. Three arrests were made.

We have a dispatch stating that 37 cases of arms were seized at Erie, Pa., on Saturday night, the same being the property of the Fenian Society.

Several bridges have been washed away on the Georgia State Railroad by the late heavy storms and trade is badly interrupted.

There was a trifling Fenian disturbance at Eastport on Saturday, not likely to be repeated, however, as the last Fenian is represented as having left the place.

The Congressional Commission appointed to examine the question of locating a post-office in this city met today for the first time.

The steamship Virginia came up to the city last evening from the Lower Quarantine.

A new gold field has been discovered 30 miles west of Cleveland Bay, Queensland, Australia.

A large part of the tunnel on the Mountjoy branch of the Pennsylvania Railroad caved in on Sunday.

The trial of John Gallagher for killing Dennis Coker began at Boston yesterday.

The Boston people are considering the question of transforming their present Court-house into a Post-Office.

There was a heavy sale of corporation real estate yesterday, realizing \$500,000.

The Society for the Prevention of Cruelty to Animals held a meeting last night and adopted a code of by-laws.

The Union met in Cooper Square in this city, yesterday, for the purpose of electing a local election at Baltimore yesterday by the majority.

The Hon. Wm. H. Seward will deliver a public address at Auburn to-night.

Gold closed at 130 1/2 to 131. With moderate business in Government stocks, prices are well supported. Money was as usual tight, and the rate of discount 1 1/2% on call, to leading houses, with a 1/2% discount on time up to bank balances. In commercial paper there is no material change. Freight rates are dull.

## CONGRESS.

## SENATE.

MAY 21.—Mr. Wilson reported the House bill to revise the grade of General, with a substitute for the second section. A resolution was adopted for an inquiry into the expediency of providing for a uniform mode of election of United States Senators. A motion was made to take up the Colorado veto, but after debate the subject was made the special order for Tuesday week. The Freedmen's Appropriation bill was passed; the Reconstruction report postponed till Wednesday, and the Loan bill made the special order for to-day. Sundry District of Columbia bills were passed, and the Senate adjourned.

## HOUSE.

A large number of bills were introduced. Resolutions were adopted directing the reports concerning the Freedmen's Bureau to be communicated to the House; directing an inquiry as to levying contributions on the Rebel States; pledging the House to sustain the President in executing the laws against treason; for the appointment of a joint committee of investigation into the Freedmen's Bureau; requesting information from the President as to the collection of direct taxes in the Rebel States; and directing an inquiry as to repealing part of the National Banking act. A resolution concerning the qualification of electors was referred to the Judiciary Committee. A bill was passed authorizing the President to employ certain household officers at specified salaries. A large number of petitions, memorials, &c., were presented. The tax bill was considered in Committee of the Whole, and five pages were discussed before the routine business was accomplished, and the House adjourned.

Mr. Sherman's consolidated loan bill is the special order in the Senate for to-day at 1 o'clock.

An effort was made in the Senate yesterday to take up the Colorado veto. After a good deal of talk the bill was made the special order for Tuesday week.

The Reconstruction report came up in the Senate yesterday, but Mr. Fessenden was unable to speak, and the matter lies over till Wednesday.

The Legislature of Tennessee has passed a Metropolitan Police act. It applies to Nashville, Memphis

and
